

40 DAYS FOR LIFE™

THE PEOPLE OF TULSA UNITED IN PRAYER

For Mothers who have lost children to abortion:

that God would shower His mercy on them and lead them to a place of healing and redemption.

For Mothers who face an unexpected pregnancy:

that the Peace of Christ would envelop them bringing them comfort and calm, that the mercies of God would descend upon them, giving them the courage to face this new life with hope and moral resolve.

For Mothers who are frightened and unsure of where to turn:

we pray that God's protection and providence might shield them from the threats of those who are supposed to love them above all, and provide them with voices of courage and support.

For Mothers who have learned that the child they carry will have special needs:

that they would seek the grace of God which is sufficient to meet their needs and provide them with the strength to joyfully parent the child that God has given to her.

For Those who have influence over the expectant mother:

that God would grant them wisdom, compassion, Godly restraint, and the strength to help her make the moral decision.

For Those who staff Reproductive Services and Planned Parenthood in Eastern Oklahoma:

that the Holy Spirit would reveal to them the depravity of their actions, and guide them toward a lifestyle that affirms life, and offers women empowering choices.

For Those who sincerely wish to help women through difficult times, but do so in unhelpful, immoral ways:

we ask that God would bring a conversion of heart, and would redirect their energies toward life-affirming ways of helping.

For the Doctors who perform abortions:

that God would open their eyes, soften their hearts and, convicting them of this grave evil, would draw them back to their Hippocratic oath to "do no harm."

For Christians everywhere:

that God would stir up the hearts of His people and would compel them to provide for the spiritual, emotional, and physical needs of those who face unexpected pregnancies.

For Sidewalk Counselors:

that the Lord of the Harvest would send laborers, so that no woman is ever deprived of the chance to make a choice for Life.

For Pro-Life Workers:

that they would truly reflect the Love of Christ to the expectant mother, and to the clinic employees.

For Legislators:

that they would have the courage of conviction to pass laws that preserve the right to life.

For our world:

that all people would come to see, and would seek to preserve the sanctity of all life from conception to natural death.
